DEPT. OF ELECTRONICS AND COMMUNICATIONS ENGINEERING

ECE INSIGHTS

NEWSLETTER || AUGUST || 2025

VOICE OF THE DEPARTMENT

PROF. (DR.) SWAPAN DAS
TIC, ECE DEPARTMENT

The Department of Electronics and Communication Engineering (ECE) at FIEM stands tall as a symbol of excellence, gaining recognition across West Bengal. In today's technology-driven world, ECE is not just a branch—it is the backbone of innovation, powering fields like semiconductor fabrication and solar energy where opportunities are limitless. There is a huge demand for ECE engineers in India, specifically in the semiconductor industry. At FIEM, our students go beyond academics, growing through seminars, research, and cultural activities that shape them into well-rounded individuals. Our alumni, shining across India and abroad, are proof of the strength of our department. With the knowledge and values gained here, I believe every ECE student has the potential to create a bright future and leave a lasting impact on the world.
