FROM DRAFTING BOARDS TO POWER PLANTS: STORIES THAT INSPIRES

◆ SEPTEMBER 2025

CELEBRATING ENGINEER'S DAY

The department celebrated Engineers' Day on 15th September to honor the legacy of Sir M. Visvesvaraya, the eminent engineer and visionary. The event began with a brief address highlighting the significance of the day, followed by inspiring speeches from our teachers that emphasized innovation, dedication, and professional ethics. The celebration concluded with a joyful cake-cutting ceremony, marking the spirit of unity and enthusiasm among students and faculty.

HOD'S SPEECH

"We salute the vision, creativity, and relentless effort that drive the engineering community. Engineers are the architects of progress – turning imagination into innovation and challenges into opportunities. As we celebrate this day, let us reaffirm our commitment to use knowledge responsibly and work towards solutions that uplift society and sustain the environment.

To our students – nurture curiosity, embrace learning, and let integrity guide your innovations. The future belongs to those who dare to design it.

To all our budding engineers – dream big, stay curious, and never lose the zeal to learn. Let your ideas drive change, and your actions reflect integrity and purpose. Together, let us strive to build a sustainable and innovative future for the nation.

Warm wishes to all on this Engineering Day!"

CELEBRATING TEACHER'S DAY

The department celebrated Teachers' Day with great enthusiasm and heartfelt appreciation to honor the guiding lights who nurture young minds and shape future engineers. The event served as a beautiful reminder of the vital role teachers play in inspiring curiosity, discipline, and lifelong learning among students.

A delightful cake-cutting ceremony added sweetness to the occasion, symbolizing unity and the bond shared between teachers and students. The smiles, applause, and heartfelt words made the day truly memorable.

The celebration began with a warm welcome address, followed by a series of student performances – including songs, skits, and speeches – dedicated to expressing gratitude towards the faculty. Each performance reflected the students' deep respect and affection for their mentors, creating an atmosphere filled with joy, laughter, and admiration.

The program concluded with a short note of thanks to all faculty members for their continuous guidance, encouragement, and support. The celebration not only honored the teachers but also strengthened the sense of togetherness and pride within the department.

STUDENT'S ACHIEVEMENT

- Aaharit Dasgupta and Arijit Nayak has completed their learnings in Bootcamp on the topic Unmanned Aerial System & Technology, organized at NIT DURGAPUR.

ARIJIT NAYAK

AAHARIT DASGUPTA

FACULTY'S ACHIEVEMENT

PROF. SUBHADIP RAY

Prof. Subhadip Ray participated in a 2 day workshop on the topic " FROM IDEA TO ASSET : UNDERSTANDING THE IP LIFECYCLE. His knowledge will definitely enlight our students!

VISHWAKARMA PUJA CELEBRATION

The department observed Vishwakarma Puja with devotion and enthusiasm, paying tribute to Lord Vishwakarma, the divine architect and engineer of the universe. The event brought together faculty members, staff, and students in a spirit of reverence and unity.

After the rituals, Prasad was distributed among all students, spreading a sense of joy, togetherness, and blessings. The celebration not only upheld cultural and spiritual values but also reminded everyone of the divine inspiration behind creativity, craftsmanship, and innovation – the true essence of engineering.
