

Reflection of Head of The Department

It is with great pride and pleasure that the Department of Computer Applications is coming up with their 5th issue of newsletter, "COMMUNE" for the academic session, 2025-26. Then Department of Computer Applications continues its journey of excellence in academics, innovation, and holistic development, driven by the passion and perseverance of our students and faculty.

Over the past year, our department has seen remarkable accomplishments. Our students have excelled in national-level events like Smart India Hackathon 2024, with Team Binary Brains making history by securing the 1st Prize. Initiatives such as SAMARPAN 2025, our flagship social welfare program, have highlighted our commitment to societal development beyond the classroom.

As the Head of the Department, I would like to extend my heartfelt thanks to the coordinator of this issue, as well as to all faculty members, non-teaching staff, and students for their tireless efforts in bringing this edition to publication.

Warm wishes,

Prof. Ashoktaru Pal

Head of the Department

Department of Computer Applications

Future Institute of Engineering and Management

Training

Sourjadip Ghosh of 2023 - 2025 MCA batch has undergone industrial training programme in **E- JOB INDIA** (12/1/2024 - 6/29/2025) in the course Net with Angular.

Ankan Patra of 2024 - 2028 BCA batch has undergone training programme in **ARDENT COMPUTECH PVT. LTD.** (January 2025 - June 2025) in the course of Full Stack Development.

Sayantika Dutta of 2023- 2025 MCA batch has undergone training programme in **ARDENT COMPUTECH PVT. LTD.** (12/16/2024 - 6/19/2025) in the course Dot Using Angular.

Tanmoy Kundu of 2023- 2025 MCA batch has undergone training programme in **E-JOB INDIA** (12/12/2024 - 6/12/2025) in the course Dot Net Full Stack Development.

Kaushik Chowdhury of 2023- 2025 MCA batch has undergone training programme in **E-JOB INDIA** (12/16/2024 - 6/19/2025) in the course MERN STACK.

Subhronil Mallick of 2024 - 2028 BCA batch has been undergoing training programme in **JADAVPUR YOUTH COMPUTER TRAINING CENTRE**(April 2024 - August 2025) in the course DDTA.

Admission

Eight (08) Students have taken admission in BCA 1st year in the month of June making the **total number of fresh admissions to sixty-six (66)** in this course in May & June, 2025.

Placement

Priyansu Roy Chowdhury from MCA 2023-2025 Batch was Placed in the position of Computer Science Teacher in Future Campus School.

Faculty Achievement

Prof. Shreyasi Bhattacharya has gone through Online FDP "**Machine Learning & Generative AI with Quantum Programming**" organized by E & ICT Academy, IIT Roorkee & Delhi Technical campus, Greater Noida, held on 16th June -20th June, 2025.

Prof. Shreyasi Bhattacharya
Assistant Professor

Alumni Talk

➤ **Kaushik Saha**

I'm Kaushik Saha, proud MCA 2021–2023 alumnus of FIEM and currently working as an Associate Software Engineer at Accenture, specializing in SAP BASIS Consulting. My journey began at LTIMindtree as a .NET Trainee, thanks to FIEM's on-campus placement. FIEM offered a dynamic blend of industry-relevant curriculum, soft skills training, and aptitude development, bridging academia and the corporate world. Post-COVID, returning to campus was a moment of revival and growth. The unwavering support from faculty, insightful mentorship, and robust placement drives—even amid economic downturn—made FIEM more than a college; it was a launchpad for dreams and a learning bank that shaped both my career and character.

➤ **Ashwani Shaw**

As a proud alumnus, Ashwani Shaw, from the Computer Applications Department (MCA 2021-2023) at FIEM, I reflect fondly on the invaluable memories and lasting friendships forged during my time there. The unwavering support from the faculty was a cornerstone of my academic journey, consistently fostering an environment conducive to learning and growth.

FIEM's vibrant fest culture also provided exceptional opportunities to explore and enhance our hidden talents, contributing significantly to our holistic development. Beyond the enriching campus life, I am particularly grateful for the Institute's strong commitment to placements, which played a pivotal role in launching my career.

Currently, I'm a Cloud Operations Engineer at TCS. My professional journey, though relatively short, has been incredibly rewarding. I've been honored with several accolades, including the On-the-Spot Award on January 16, 2025, the Special Initiatives Award on February 19, 2025, and the Applause Award on March 10, 2025. Among others, previously, I held the role of Tower Lead. The continuous support from the faculty has truly made a difference in my career trajectory.

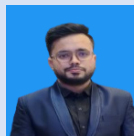

➤ **Santanu Sahu**

As a proud alumnus of the Department of Computer Applications, I am immensely grateful to my college for shaping my technical journey. The structured curriculum, modern labs, and dedicated faculty provided a strong foundation in computing concepts. From hackathons to seminars and real-world projects, every experience pushed me closer to industry readiness while also igniting my passion for teaching. The unwavering support of the faculty helped me grow into a confident educator.

Achievement of Students

Ghanashyam Das, a student of the 2024–2026 MCA batch, underwent a training programme at INFOSYS LIMITED from May 2025 to June 2025 in the course titled *Software Engineering and Agile Software Development*, and was awarded a certificate upon successful completion.

Ritwika Naskar, a student of the 2024–2026 MCA batch, successfully completed the *Introduction to Natural Language Processing* course on June 26, 2025, during which she underwent a training programme at INFOSYS LIMITED and was awarded a certificate upon successful completion.

Pritam Rudra, a student of the 2024–2026 MCA batch, successfully completed the *Basics of Python* course on June 2, 2025, as part of which he underwent a training programme at INFOSYS LIMITED and was awarded a certificate upon successful completion.

Susobhan Khan, a student of the 2024–2026 MCA batch, successfully completed the *Python Foundation Certification* course on June 4, 2025, as part of which he underwent a training programme at INFOSYS LIMITED and was awarded a certificate upon successful completion.

Pratik Guha, a student of the 2024–2026 MCA batch, successfully completed the *Technology Job Simulation* course on June 24, 2025, as part of which he underwent a training programme at DELOITTE and was awarded a certificate upon successful completion.

Summary of Events & Activities in the last month (May 2025)

The design patent for the '*AI Based Crime Scene Analysing Device*' was granted and issued on 22nd May 2025, with HOD **Prof. Ashoktaru Pal** recognized as one of the contributors.

IMPULZ'25 The Well- Organized *Farewell Programme* of the Final Year MCA & BCA Students were held on 2nd May with huge funfair escalating the beautiful bond among the senior and junior students of The Computer Application Department.

Three students from 2023-2025 MCA Batch, **Lakshman Pal**, **Kuntal Naskar** and **Kaustav Chakraborty** got placements in the Companies *Leelija Web Solutions Private Limited*, *Tangent Tech Solutions* and *Cognizant Technology solution* respectively.

A Number of Students of MCA (2023 - 2025 Batch) and of BCA (2024 - 2028 Batch) have undertaken **Training Programme** in reputed Companies.

Sixty (60) Students have taken **Admission** as Freshers in The First Year of BCA Stream.

Silver Jubilee Celebrations

Future Group of Educational Institutions Comprising of Future Institute of Engineering and Management, Future Institute of Technology and Future Campus School, marked a significant milestone in its journey by celebrating its 25th Anniversary, i.e. Silver Jubilee under the able leadership of Dr. Aloke Kumar Ghosh, Executive Director of The Team Future and under the efficient direction and guidance of Dr. Anirban Chakrabarty, Principal of FIEM, and Dr. Sajal Kumar Giri, Registrar, FIEM. The three Institutions, which have been beacons of quality education, in Kolkata, West Bengal, came together to commemorate the Inauguration of its parent Group twenty-five years ago and achievements to reflect on its growth over the past quarter-century.

Celebratory Events commenced with a combined Cultural Function of the Faculties & Staff of the three Institutions held on the 22nd June, 2025. The Function marked the start of a series of events to be held throughout the current year that will showcase the Group's commitment to academic excellence, innovation, and community engagement. The Silver Jubilee celebrations provided an opportunity for the Team Future community to reflect on its journey and renew its commitment to its mission and values. The celebrations were a testament to the dedication of the all the three Institutions to providing quality education and its role in shaping the lives of its students.

The Faculty & Staff of The Department of Computer Applications actively took part in this Grand Cultural Function held in the Main Auditorium of Future institute of Engineering and Management in Sonarpur Campus. Two of the members of the Department performed on the Stage and won the hearts of all the spectators with their outstanding performance.

Prof. Emeli Mukherjee Sang two songs on the stage.

Prof. Subhashis Adhikari Acted in the Play Directed by The Group's Executive Director, Dr. Aloke Kumar Ghosh.
